"I can't recommend MATS highly enough! Their customer service is excellent, their inventory is attractive, their prices beat the competition, and most importantly, their mission is laudable - to bless those in ministry with reliable transportation. I look forward to doing business with MATS in the future and spreading the word to those looking for a company from whom to purchase a quality vehicle." – **Scott Dean, Pastor, Crossroads Community Church (Fishers, IN)**

"What I appreciated about MATS was their willingness to work with my price range. I never felt pressure to buy a particular car. No matter the price range, Josh and the MATS team will work with you to find what is best for what you can afford." **Ben Reed - Director of Administration, Redeemer Presbyterian Church (Indianapolis, IN)**

"MATS had come highly recommended to me by a Pastor who had heard of my family's need for a new vehicle. When I talked with the staff they were very patient, thorough and inquisitive about what I was looking for, and took time to make sure all of my questions were answered. MATS worked to find exactly what I was hoping to find and the process of purchasing the car was seamless. MATS is a great resource for anyone in ministry who is looking for an honest, reliable and service-oriented dealer." - **Jason Brown, Staff Counselor (PCA church in Virginia)**

My wife and I needed a larger vehicle for our growing family and our ministry at Purdue. We contacted MATS and they quickly worked with us to find just the right car— a used Honda CR-V with low mileage. We loved that our car buying experience through MATS was easy and stress-free! We plan on using MATS in the future for other car purchases." -**Curtis McDaniel, RUF Campus Minister at Purdue University**

"Just wanted to say a big thanks to MATS for the Honda Odyssey. It's just what we need and in great shape. We appreciate your ministry to us and hope you're encouraged to keep blessing others this way."
Jay Eastman, MTW
