Churches are needed to meet the population increase in the eastern part of Collier County, Florida. In the last decade, the area identified as Mission to East Collier (M2EC) has seen population growth of over 37% and in the next ten years the population growth is expected to be over 35%. The existing churches cannot accommodate this growth, even with multiple services.

Given the statistics, Covenant Church of Naples' (CCN) vision is, with God's grace, to plant a Christ-centered, disciple-making church in expanding east Collier County.

This daughter church will be planted using the traditional model under the governance of the CCN Session. The goal is that the church would become a particularized church of the Suncoast Florida Presbytery and self-sustaining within 2- 4 years from launch and that this daughter church would, in turn, plant churches.

The Church Planting Committee foresees a healthy and growing, self-sustaining and self-governing, local PCA church characterized by vibrant Christ-centered worship, effective ministries of evangelism, mercy and missions coupled with transformational fellowship and discipleship in east Collier County all to the glory of God.
